Foshan Shengda Paper Co., Ltd.

Foshan Shengda Paper Co., Ltd. (Foshan Shengda Paper Co., Ltd.) is a leading paper manufacturer in China. The company is located in Foshan, Guangdong, China. It is a public company listed on the Shanghai Stock Exchange. The company's main products are various types of paper, including kraft paper, coated paper, and specialty paper. The company has a long history and a strong reputation in the paper industry. It has a large production capacity and a wide range of products. The company is committed to providing high-quality products and excellent service to its customers. The company's products are sold in various markets, including China, Southeast Asia, and Europe. The company is also involved in various social and environmental activities. The company is a member of the China Paper Association and the International Paper Association. The company is committed to sustainable development and environmental protection. The company has a strong focus on research and development. The company is constantly improving its products and processes. The company is a leader in the paper industry and is committed to providing high-quality products and excellent service to its customers.

标准货位的搬运系统

Standardized Positioning and Move

标准工作站

Standard Robot Cell

7000 型机器人系列制造系统为机器人提供标准产品。可以
使用标准提供的功能，如设计器、快速设计、快速安装。

The standard product developed by 7000 based on many
years experience of system integration, can provide fast
commissioning, fast moving, fast design-installation delivery.

标准站设计要素

Design Elements of Standard Robot Cell

1. 标准站以标准机器人、标准站系统为基础
Standard Robot Cell is based on standard robot and standard system
2. 304L不锈钢主架
Stainless steel structure of 304L
3. 标准式主架、标准式臂
Standard main structure, standard arm
4. 标准侧站、标准侧站、标准站
Standard side station, standard side station, standard station
5. 标准站、电、气控制接口
Standard station, electric, gas control interface
6. 标准站标准站系统、标准站系统、标准站系统
Standard station system, standard station system, standard station system
7. 标准站设计、标准站产品
Standard station design, standard station product
